POLICY

The ICT Policy applies to all Institute of Tourism Studies students and employees, as well as contractors and guests who make use of the Institute's Information and Communication Technology. This policy is geared towards increasing effectiveness and efficiency in all the ITS functions and aligns itself with other existing ITS policies, Government of Malta ICT (GMICT) policies and globally recognized ICT practices. The Institute will invest in ICT structures and systems that will support its teaching, learning, research, business and administrative goals and objectives. ITS will provide students and lecturers necessary ICT tools (both hardware and software) to achieve their learning and teaching outcomes respectively, in line with local/international levels. ITS will also provide its administrative staff the necessary tools to achieve the highest levels of productivity in the daily processes of the Institute.
